to develop more great leaders to inspire and accelerate performance.*

## Developing your managers to be situational leaders will result in:

Accelerated Development

A Common Leadership Language

Increased Retention and Morale

Proactive Problem Solvers

# SLII®

Powering  
Inspired  
Leaders™

With business moving at a blistering pace, there's more pressure than ever for leaders to be effective at leading successful teams. But often, they don't have the skills to be the agile, adaptive leaders they need to be and struggle building meaningful connections with their people to drive results.

It's not for lack of trying or wanting to be great leaders. Research has shown that most leaders use one leadership style so they don't know how to unleash the potential of their people.

They need to *learn how* to lead situationally.

Blanchard's SLII® empowers leaders to become adaptive a requirement for our uncertain times. Backed by 40 years of research and an unmatched track record of results, SLII® develops your leaders how to lead situationally by giving their people the right support or direction at the right time.

SLII® enables leaders to build deeper relationships with their work, their company, and their colleagues making every day more inspiring, motivating, and meaningful.

### WHO SHOULD ATTEND?

Individuals in leadership roles who want to increase their effectiveness

Executives and senior-level managers

Mid-level or new managers or supervisors

### FLEXIBLE DELIVERY METHODS. CONSISTENT RESULTS.

Organizations can choose how they deliver The SLII Experience™, allowing learners to be more in charge of their learning journey beyond the classroom. All delivery formats use a fourpart learning path to ensure your managers master the content and become situational leaders.

- LAUNCH - Engaging assignments that explain key concepts
- LEARN - Activities that teach leaders the skills and language to lead situationally
- PRACTICE - Activities based on personal work challenges that develop new skills
- MASTER - Strategies that reinforce the learning and make it second nature to set SMART goals, diagnose development level, and use the matching leadership style

When you work with Blanchard to improve the skills of your leaders, you can be confident that you'll help your organization. We partner with you to teach you proven best practices that will result in the greatest return on your investment. Leaders deserve to be equipped with the right framework and tools to be successful. With more inspired leaders, morale and engagement will improve, team members will feel supported, employees will become more creative problem solvers, and company productivity will increase.
